Initializing Albert_Candidate_v1.0...
Build successful.

PROFILE

Albert Mora Costillo
Desarrollador Junior | Barcelona / Arenys de Mar
Ingeniería Informática (4to año)

Junior Full-Stack Developer specializing in Frontend.
Solid background in Multiplatform Application Development (DAM).
Versatile junior developer with a strong focus on frontend and expanding backend expertise.
Extensive experience in DAM, including 1 year of technical leadership in consulting, managing real-world projects for external clients. Hands-on experience with the full development lifecycle of a mobile-first PWA (Full-stack Angular/TypeScript and .NET/C#). Proficient in designing REST API endpoints, working with SQL databases (PostgreSQL), and integrating cloud services (AWS Cognito, S3). Deep interest in applied Artificial Intelligence, including the supervised use of AI agents to gain knowledge in advanced architectures (DDD, Event Sourcing).

TECH STACK

Languages:
Java | PHP | C# (basic) | JavaScript | SQL | REST API Development | Bash

Database:
MySQL | MongoDB (basic) | PostgreSQL

Tools:
Git / GitHub | Fork | Docker | Postman

Mobile:
Flutter | Java

Web:
HTML | CSS

PROJECT EXPERIENCE

Consultancy (**Leviathan Creative Studios**, 1 year)

- Worked on 3 projects for external companies (web and mobile applications)
- Developed applications using Flutter
- Database design and API integration

Junior Bash Developer at **TwoNav** (Internship, 6 months)

- Developed and maintained Bash scripts to automate system administration tasks
- Collaborated with the technical team to optimize Linux-based workflows

Full Stack Developer (Internship, 4 months) | **AZA**

- Full-stack development (Angular, HTML, CSS, TypeScript, C#, PostgreSQL) in an Agile environment, covering the full product lifecycle and cloud architecture (AWS)
- Version control with GitHub, application of Agile methodologies, and optimization through AI, enhancing technical communication and teamwork

EDUCATION

- Bachelor's Degree in Computer Engineering (Information Systems specialization) (4th year)
- Higher Technician in Multiplatform Application Development (DAM)
